Customer acknowledges and agrees that the Incentives and the minimum rates in **Addendum B** are based on and derived from the most recently published UPS Daily Rates available at www.ups.com and are subject to change based on changes to such list rates. Each eligible package (or shipment) and accessorial will receive its applicable Incentive for the term of this Agreement. Incentives are applied on a weekly basis unless otherwise specified. Incentives shall be applied to prepaid outbound shipments unless otherwise noted. This Agreement will be subject to periodic review by UPS for Customer compliance.

Carrier Agreement
Addendum C

This Addendum C ("Addendum") is entered into as of the effective date set forth below ("Effective Date") and is attached to and made a part of the Carrier Agreement by and between G-FULFILLMENT LLC, ("Customer") and United Parcel Service, Inc., an Ohio corporation, ("UPS"), effective _____, 2025 ("Agreement") (P710041190-01).

1. The following section is hereby added to the Agreement:

Business Conditions. For all shipping locations receiving Services under this Agreement, Customer agrees to the business conditions below. For purposes of this section, "Client" shall mean Customer's customer under an effective contract to receive third-party logistics services (e.g., fulfillment, warehousing) from Customer.

a. For purposes of absolute clarity, Customer understands and agrees that the Incentives contained in this Agreement are restricted to Customer for shipments originating from a Customer site, where Customer is the direct payer of the UPS invoice. Any reselling of these rates for shipments not originating from a Customer site is strictly prohibited and will lead to immediate termination of this Agreement.

b. Customer is responsible for payment and liabilities for all transportation charges under this Agreement. All invoices will be sent directly to Customer for payment to UPS in accordance with the terms of this Agreement.

c. Customer and UPS agree that a Client may elect to outsource Services such as technology, web hosting and customer care to Customer, where applicable, but retain warehousing and distribution themselves. In this case, those shipments would not be eligible for the Incentives contained in this Agreement.

d. For shipments originating from a Client controlled location, where Client is fulfilling orders and processing shipments on orders from Customer-run web stores, if applicable, Customer's Incentives set forth in this Agreement will not be applicable, nor may Customer try to resell such Incentives to Client.

e. Customer agrees that all references to UPS products will be properly disclosed by Customer in all instances. Delivery API data used by Customer and provided by UPS shall be allowed so long as proper product names are used, or a reference is made to where the provided information is from.

f. Customer will present all proposals to its Clients or potential Clients in a "bundled transportation rate" format. Customer will not disclose the Incentives contained in this Agreement to any of its Clients or potential Clients. Customer also agrees that it will not offer such rates derived from the Incentives contained in this Agreement for the sole purpose of soliciting Clients that are known existing customers of UPS.
